Kauai II ShowerSpa

MODEL #1011-BN, 1011-CH & 1011-ORB

GENERAL DESCRIPTION

The Kauai II Rain Shower System is brilliantly simple! Designed to use your existing valve, it replaces the old showerhead with an elegant rain showerhead and multi-function hand shower. The integrated brass slide bar allows adjustable height control for the hand shower and brass soap dish while providing a conveniently located diverter for switching functions. Available in chrome, brushed nickel or oil-rubbed bronze to match any decor.

Typical install is less than 1 hour—even for the do it yourselfer. It simply connects to the water supply at your existing showerhead location and uses your existing hot/cold shower valve.

PRODUCT FEATURES

- Surface mounted and completely pre-plumbed, easily retrofit your existing shower without a remodel
- 8" Rain showerhead with soft tips to clear mineral buildup for long lasting performance
- Brass slide bar, soap dish, diverter and shower arm
